IOPC FUNDS' SHORT COURSE

INTRODUCTION

The IOPC Funds organises an annual Short Course which takes place at the Funds' headquarters in London. The week-long programme covers all aspects of the work of the IOPC Funds and the international liability and compensation regime in general and includes practical exercises which allow participants to study a theoretical incident and the subsequent claims submission process. The course is supported by IMO, INTERTANKO, ICS, the International Group of P&I Associations and ITOPF. The Short Course has been designed to benefit those candidates with an in-depth involvement and interest in the practical application of the 1992 Civil Liability and Fund Conventions.

The Short Course has a maximum of 10 places for self-funded participants from 1992 Fund Member States. The IOPC Funds have tried to maintain a good geographical balance of participants.
