IOPC FUNDS ANNUAL ACADEMY

INTRODUCTION

The IOPC Funds organises an Annual Academy which covers all aspects of the work of the IOPC Funds and the international liability and compensation regime in general. The programme includes exercises which allow participants to study a theoretical incident and the subsequent claims submission process. The Academy is supported by the International Maritime Organization (IMO), the International Chamber of Shipping (ICS), the International Group of P&I Associations and ITOPF. The programme has been designed to benefit those candidates with an in-depth involvement and interest in the practical application of the 1992 Civil Liability and Fund Conventions.

MEMBER STATE PARTICIPANTS SINCE 2011

The Annual Academy has a limited number of places for participants from 1992 Fund Member States. The IOPC Funds have tried to maintain a good geographical balance of participants.
