The international liability and compensation regime for oil pollution damage:

Shipowners, oil receivers and Member States working together to pay compensation and protect the marine environment

Introduction

Compensation for oil pollution damage caused by spills from oil tankers is governed by an international regime developed under the auspices of the International Maritime Organization (IMO). The framework for the regime was originally the 1969 International Convention on Civil Liability for Oil Pollution Damage (1969 Civil Liability Convention or CLC) and the 1971 International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage (1971 Fund Convention). This 'old' regime was amended in 1992 by two Protocols, and the amended Conventions are known as the 1992 Civil Liability Convention (1992 CLC) and the 1992 Fund Convention. Both Conventions entered into force on 30 May 1996. The 1971 Fund Convention ceased to be in force on 24 May 2002, when the number of 1971 Fund Member States fell below 25.

The 1992 CLC governs the liability of shipowners for oil pollution damage by laying down the principle of strict liability for shipowners and creating a system of compulsory liability insurance. The shipowner is normally entitled to limit their liability to an amount which is linked to the tonnage of the ship.

The International Oil Pollution Compensation Fund 1992 (IOPC Fund 1992 or 1992 Fund) was established under the 1992 Fund Convention to provide compensation for victims who do not obtain full compensation under the 1992 CLC. By becoming Party to the 1992 Fund Convention, a State becomes a Member of the 1992 Fund. The Organisation is based in London. The 1992 Fund is financed by contributions levied on any person who has received in a calendar year more than 150 000 tonnes of crude oil or heavy fuel oil after sea transport in a 1992 Fund Member State.

The compensation payable by the 1992 Fund under the 1992 Fund Convention for any one incident occurring before 1 November 2003 was limited to 135 million Special Drawing Rights (SDR) of the International Monetary Fund (for current exchange rates please visit www.imf.org), including the sum actually paid by the

shipowner or their insurer under the 1992 CLC. In October 2000, the Legal Committee of IMO adopted two Resolutions increasing the limits contained in the 1992 CLC and the 1992 Fund Convention by 50.37%. These amendments entered into force on 1 November 2003, bringing the maximum amount payable by the 1992 Fund to SDR 203 million for any one incident occurring on or after 1 November 2003, including the sum actually paid by the shipowner or their insurer.

In May 2003, a Protocol to the 1992 Fund Convention (Supplementary Fund Protocol) was adopted which provides a third tier of compensation by establishing an International Oil Pollution Compensation Supplementary Fund (Supplementary Fund). Membership of the Supplementary Fund is optional and is open to any State which is a Member of 1992 Fund. The maximum amount payable for any one incident is SDR 750 million, including the amount payable under the 1992 Conventions. The Supplementary Fund is financed in a similar way to the 1992 Fund. The Supplementary Fund Protocol entered into force on 3 March 2005 and applies to incidents occurring on or after that date.

The international liability and compensation regime for ship-source oil pollution has proven to be highly successful. By 2025, the IOPC Funds had been involved in nearly 160 incidents of varying sizes across all regions of the world and had paid some USD 1 billion in compensation. Membership of the IOPC Funds had grown to over 120 States, reflecting strong and sustained global support for the regime and underscoring its continued relevance.

This publication contains the texts of the 1992 CLC and the 1992 Fund Convention, i.e. the consolidated texts of the 1969 CLC and the 1971 Fund Convention as amended by the 1992 Protocols, together with the texts of the two Resolutions on the increase of the limits, and the text of the Supplementary Fund Protocol.

International Convention on Civil Liability for Oil Pollution Damage, 1992¹

The States Parties to the present Convention,

CONSCIOUS of the dangers of pollution posed by the worldwide maritime carriage of oil in bulk,

CONVINCED of the need to ensure that adequate compensation is available to persons who suffer damage caused by pollution resulting from the escape or discharge of oil from ships,

DESIRING to adopt uniform international rules and procedures for determining questions of liability and providing adequate compensation in such cases,

HAVE AGREED as follows:

Article I

For the purposes of this Convention:

1. "Ship" means any sea-going vessel and seaborne craft of any type whatsoever constructed or adapted for the carriage of oil in bulk as cargo, provided that a ship capable of carrying oil and other cargoes shall be regarded as a ship only when it is actually carrying oil in bulk as cargo and during any voyage following such carriage unless it is proved that it has no residues of such carriage of oil in bulk aboard.
2. "Person" means any individual or partnership or any public or private body, whether corporate or not, including a State or any of its constituent subdivisions.
3. "Owner" means the person or persons registered as the owner of the ship or, in the absence of registration, the person or persons owning the ship. However in the case of a ship owned by a State and operated by a company which in that State is registered as the ship's operator, "owner" shall mean such company.
4. "State of the ship's registry" means in relation to registered ships the State of registration of the ship, and in relation to unregistered ships the State whose flag the ship is flying.
5. "Oil" means any persistent hydrocarbon mineral oil such as crude oil, fuel oil, heavy diesel oil and lubricating oil, whether carried on board a ship as cargo or in the bunkers of such a ship.
6. "Pollution damage" means:
 - (a) loss or damage caused outside the ship by contamination resulting from the escape or discharge of oil from the ship, wherever such escape or discharge may occur, provided that compensation for impairment of the environment other than loss of profit from such impairment shall be limited to costs of reasonable measures of reinstatement actually undertaken or to be undertaken;
 - (b) the costs of preventive measures and further loss or damage caused by preventive measures.

¹1992 Civil Liability Convention

7. "Preventive measures" means any reasonable measures taken by any person after an incident has occurred to prevent or minimize pollution damage.
8. "Incident" means any occurrence, or series of occurrences having the same origin, which causes pollution damage or creates a grave and imminent threat of causing such damage.
9. "Organization" means the International Maritime Organization.
10. "1969 Liability Convention" means the International Convention on Civil Liability for Oil Pollution Damage, 1969. For States Parties to the Protocol of 1976 to that Convention, the term shall be deemed to include the 1969 Liability Convention as amended by that Protocol.

Article II

This Convention shall apply exclusively:

- (a) to pollution damage caused:
 - (i) in the territory, including the territorial sea, of a Contracting State, and
 - (ii) in the exclusive economic zone of a Contracting State, established in accordance with international law, or, if a Contracting State has not established such a zone, in an area beyond and adjacent to the territorial sea of that State determined by that State in accordance with international law and extending not more than 200 nautical miles from the baselines from which the breadth of its territorial sea is measured;
- (b) to preventive measures, wherever taken, to prevent or minimize such damage.

Article III

1. Except as provided in paragraphs 2 and 3 of this Article, the owner of a ship at the time of an incident, or, where the incident consists of a series of occurrences, at the time of the first such occurrence, shall be liable for any pollution damage caused by the ship as a result of the incident.
2. No liability for pollution damage shall attach to the owner if he proves that the damage:
 - (a) resulted from an act of war, hostilities, civil war, insurrection or a natural phenomenon of an exceptional, inevitable and irresistible character, or
 - (b) was wholly caused by an act or omission done with intent to cause damage by a third party, or
 - (c) was wholly caused by the negligence or other wrongful act of any Government or other authority responsible for the maintenance of lights or other navigational aids in the exercise of that function.
3. If the owner proves that the pollution damage resulted wholly or partially either from an act or omission done with intent to cause damage by the person who suffered the damage or from the negligence of that person, the owner may be exonerated wholly or partially from his liability to such person.

4. No claim for compensation for pollution damage may be made against the owner otherwise than in accordance with this Convention. Subject to paragraph 5 of this Article, no claim for compensation for pollution damage under this Convention or otherwise may be made against:
 - (a) the servants or agents of the owner or the members of the crew;
 - (b) the pilot or any other person who, without being a member of the crew, performs services for the ship;
 - (c) any charterer (howsoever described, including a bareboat charterer), manager or operator of the ship;
 - (d) any person performing salvage operations with the consent of the owner or on the instructions of a competent public authority;
 - (e) any person taking preventive measures;
 - (f) all servants or agents of persons mentioned in subparagraphs (c), (d) and (e);

unless the damage resulted from their personal act or omission, committed with the intent to cause such damage, or recklessly and with knowledge that such damage would probably result.

5. Nothing in this Convention shall prejudice any right of recourse of the owner against third parties.

Article IV

When an incident involving two or more ships occurs and pollution damage results therefrom, the owners of all the ships concerned, unless exonerated under Article III, shall be jointly and severally liable for all such damage which is not reasonably separable.

Article V

1. The owner of a ship shall be entitled to limit his liability under this Convention in respect of any one incident to an aggregate amount calculated as follows:
 - (a) 4,510,000 units of account² for a ship not exceeding 5,000 units of tonnage;
 - (b) for a ship with a tonnage in excess thereof, for each additional unit of tonnage, 631 units of account² in addition to the amount mentioned in sub-paragraph (a);

provided, however, that this aggregate amount shall not in any event exceed 89,770,000 units of account².
2. The owner shall not be entitled to limit his liability under this Convention if it is proved that the pollution damage resulted from his personal act or omission, committed with the intent to cause such damage, or recklessly and with knowledge that such damage would probably result.
3. For the purpose of availing himself of the benefit of limitation provided for in paragraph 1 of this Article the owner shall constitute a fund for the total sum representing the limit of his liability with the Court or other competent authority of any one of the Contracting States in which action is brought under Article IX or, if no action is brought, with any Court or other competent authority in any one of the Contracting States in which an action can be brought under Article IX. The fund can be constituted either by depositing the sum or by producing a bank guarantee or other guarantee, acceptable under the legislation of the Contracting State where the fund is constituted, and considered to be adequate by the Court or other competent authority.

² Lower amounts applied to incidents occurring before 1 November 2003; see pages 20-21

4. The fund shall be distributed among the claimants in proportion to the amounts of their established claims.
5. If before the fund is distributed the owner or any of his servants or agents or any person providing him insurance or other financial security has as a result of the incident in question, paid compensation for pollution damage, such person shall, up to the amount he has paid, acquire by subrogation the rights which the person so compensated would have enjoyed under this Convention.
6. The right of subrogation provided for in paragraph 5 of this Article may also be exercised by a person other than those mentioned therein in respect of any amount of compensation for pollution damage which he may have paid but only to the extent that such subrogation is permitted under the applicable national law.
7. Where the owner or any other person establishes that he may be compelled to pay at a later date in whole or in part any such amount of compensation, with regard to which such person would have enjoyed a right of subrogation under paragraphs 5 or 6 of this Article, had the compensation been paid before the fund was distributed, the Court or other competent authority of the State where the fund has been constituted may order that a sufficient sum shall be provisionally set aside to enable such person at such later date to enforce his claim against the fund.
8. Claims in respect of expenses reasonably incurred or sacrifices reasonably made by the owner voluntarily to prevent or minimize pollution damage shall rank equally with other claims against the fund.
9. (a) The "unit of account" referred to in paragraph 1 of this Article is the Special Drawing Right as defined by the International Monetary Fund. The amounts mentioned in paragraph 1 shall be converted into national currency on the basis of the value of that currency by reference to the Special Drawing Right on the date of the constitution of the fund referred to in paragraph 3. The value of the national currency, in terms of the Special Drawing Right, of a Contracting State which is a member of the International Monetary Fund shall be calculated in accordance with the method of valuation applied by the International Monetary Fund in effect on the date in question for its operations and transactions. The value of the national currency, in terms of the Special Drawing Right, of a Contracting State which is not a member of the International Monetary Fund shall be calculated in a manner determined by that State.
- (b) Nevertheless, a Contracting State which is not a member of the International Monetary Fund and whose law does not permit the application of the provisions of paragraph 9(a) may, at the time of ratification, acceptance, approval of or accession to this Convention or at any time thereafter, declare that the unit of account referred to in paragraph 9(a) shall be equal to 15 gold francs. The gold franc referred to in this paragraph corresponds to sixty-five and a half milligrammes of gold of millesimal fineness nine hundred. The conversion of the gold franc into the national currency shall be made according to the law of the State concerned.
- (c) The calculation mentioned in the last sentence of paragraph 9(a) and the conversion mentioned in paragraph 9(b) shall be made in such manner as to express in the national currency of the Contracting State as far as possible the same real value for the amounts in paragraph 1 as would result from the application of the first three sentences of paragraph 9(a). Contracting States shall communicate to the depositary the manner of calculation pursuant to paragraph 9(a), or the result of the conversion in paragraph 9(b) as the case may be, when depositing an instrument of ratification, acceptance, approval of or accession to this Convention and whenever there is a change in either.
10. For the purpose of this Article the ship's tonnage shall be the gross tonnage calculated in accordance with the tonnage measurement regulations contained in Annex I of the International Convention on Tonnage Measurement of Ships, 1969.
11. The insurer or other person providing financial security shall be entitled to constitute a fund in accordance with this Article on the same conditions and having the same effect as if it were constituted by the owner. Such a fund may be constituted even if, under the provisions of paragraph 2, the owner is not entitled to limit his liability, but its constitution shall in that case not prejudice the rights of any claimant against the owner.

Article VI

1. Where the owner, after an incident, has constituted a fund in accordance with Article V, and is entitled to limit his liability,
 - (a) no person having a claim for pollution damage arising out of that incident shall be entitled to exercise any right against any other assets of the owner in respect of such claim;
 - (b) the Court or other competent authority of any Contracting State shall order the release of any ship or other property belonging to the owner which has been arrested in respect of a claim for pollution damage arising out of that incident, and shall similarly release any bail or other security furnished to avoid such arrest.
2. The foregoing shall, however, only apply if the claimant has access to the Court administering the fund and the fund is actually available in respect of his claim.

Article VII

1. The owner of a ship registered in a Contracting State and carrying more than 2,000 tons of oil in bulk as cargo shall be required to maintain insurance or other financial security, such as the guarantee of a bank or a certificate delivered by an international compensation fund, in the sums fixed by applying the limits of liability prescribed in Article V, paragraph 1 to cover his liability for pollution damage under this Convention.
2. A certificate attesting that insurance or other financial security is in force in accordance with the provisions of this Convention shall be issued to each ship after the appropriate authority of a Contracting State has determined that the requirements of paragraph 1 have been complied with. With respect to a ship registered in a Contracting State such certificate shall be issued or certified by the appropriate authority of the State of the ship's registry; with respect to a ship not registered in a Contracting State it may be issued or certified by the appropriate authority of any Contracting State. This certificate shall be in the form of the annexed model and shall contain the following particulars:
 - (a) name of ship and port of registration;
 - (b) name and principal place of business of owner;
 - (c) type of security;
 - (d) name and principal place of business of insurer or other person giving security and, where appropriate, place of business where the insurance or security is established;
 - (e) period of validity of certificate which shall not be longer than the period of validity of the insurance or other security.
3. The certificate shall be in the official language or languages of the issuing State. If the language used is neither English nor French, the text shall include a translation into one of these languages.
4. The certificate shall be carried on board the ship and a copy shall be deposited with the authorities who keep the record of the ship's registry or, if the ship is not registered in a Contracting State, with the authorities of the State issuing or certifying the certificate.
5. An insurance or other financial security shall not satisfy the requirements of this Article if it can cease, for reasons other than the expiry of the period of validity of the insurance or security specified in the certificate under paragraph 2 of this Article, before three months have elapsed from the date on which notice of its termination is given to the authorities referred to in paragraph 4 of this Article, unless the certificate has been surrendered to these authorities or a new certificate has been issued within the said period. The foregoing provisions shall similarly apply to any modification which results in the insurance or security no longer satisfying the requirements of this Article.

6. The State of registry shall, subject to the provisions of this Article, determine the conditions of issue and validity of the certificate.
7. Certificates issued or certified under the authority of a Contracting State in accordance with paragraph 2 shall be accepted by other Contracting States for the purposes of this Convention and shall be regarded by other Contracting States as having the same force as certificates issued or certified by them even if issued or certified in respect of a ship not registered in a Contracting State. A Contracting State may at any time request consultation with the issuing or certifying State should it believe that the insurer or guarantor named in the certificate is not financially capable of meeting the obligations imposed by this Convention.
8. Any claim for compensation for pollution damage may be brought directly against the insurer or other person providing financial security for the owner's liability for pollution damage. In such case the defendant may, even if the owner is not entitled to limit his liability according to Article V, paragraph 2, avail himself of the limits of liability prescribed in Article V, paragraph 1. He may further avail himself of the defences (other than the bankruptcy or winding up of the owner) which the owner himself would have been entitled to invoke. Furthermore, the defendant may avail himself of the defence that the pollution damage resulted from the wilful misconduct of the owner himself, but the defendant shall not avail himself of any other defence which he might have been entitled to invoke in proceedings brought by the owner against him. The defendant shall in any event have the right to require the owner to be joined in the proceedings.
9. Any sums provided by insurance or by other financial security maintained in accordance with paragraph 1 of this Article shall be available exclusively for the satisfaction of claims under this Convention.
10. A Contracting State shall not permit a ship under its flag to which this Article applies to trade unless a certificate has been issued under paragraph 2 or 12 of this Article.
11. Subject to the provisions of this Article, each Contracting State shall ensure, under its national legislation, that insurance or other security to the extent specified in paragraph 1 of this Article is in force in respect of any ship, wherever registered, entering or leaving a port in its territory, or arriving at or leaving an off-shore terminal in its territorial sea, if the ship actually carries more than 2,000 tons of oil in bulk as cargo.
12. If insurance or other financial security is not maintained in respect of a ship owned by a Contracting State, the provisions of this Article relating thereto shall not be applicable to such ship, but the ship shall carry a certificate issued by the appropriate authorities of the State of the ship's registry stating that the ship is owned by that State and that the ship's liability is covered within the limits prescribed by Article V, paragraph 1. Such a certificate shall follow as closely as practicable the model prescribed by paragraph 2 of this Article.

Article VIII

Rights of compensation under this Convention shall be extinguished unless an action is brought thereunder within three years from the date when the damage occurred. However, in no case shall an action be brought after six years from the date of the incident which caused the damage. Where this incident consists of a series of occurrences, the six years' period shall run from the date of the first such occurrence.

Article IX

1. Where an incident has caused pollution damage in the territory, including the territorial sea or an area referred to in Article II, of one or more Contracting States or preventive measures have been taken to prevent or minimize pollution damage in such territory including the territorial sea or area, actions for compensation may only be brought in the Courts of any such Contracting State or States. Reasonable notice of any such action shall be given to the defendant.
2. Each Contracting State shall ensure that its Courts possess the necessary jurisdiction to entertain such actions for compensation.

3. After the fund has been constituted in accordance with Article V the Courts of the State in which the fund is constituted shall be exclusively competent to determine all matters relating to the apportionment and distribution of the fund.

Article X

1. Any judgment given by a Court with jurisdiction in accordance with Article IX which is enforceable in the State of origin where it is no longer subject to ordinary forms of review, shall be recognized in any Contracting State, except:
 - (a) where the judgment was obtained by fraud; or
 - (b) where the defendant was not given reasonable notice and a fair opportunity to present his case.
2. A judgment recognized under paragraph 1 of this Article shall be enforceable in each Contracting State as soon as the formalities required in that State have been complied with. The formalities shall not permit the merits of the case to be re-opened.

Article XI

1. The provisions of this Convention shall not apply to warships or other ships owned or operated by a State and used, for the time being, only on government non-commercial service.
2. With respect to ships owned by a Contracting State and used for commercial purposes, each State shall be subject to suit in the jurisdictions set forth in Article IX and shall waive all defences based on its status as a sovereign State.

Article XII

This Convention shall supersede any International Conventions in force or open for signature, ratification or accession at the date on which the Convention is opened for signature, but only to the extent that such Conventions would be in conflict with it; however, nothing in this Article shall affect the obligations of Contracting States to non-Contracting States arising under such International Conventions.

Transitional provisions

Article XII bis

The following transitional provisions shall apply in the case of a State which at the time of an incident is a Party both to this Convention and to the 1969 Liability Convention:

- (a) where an incident has caused pollution damage within the scope of this Convention, liability under this Convention shall be deemed to be discharged if, and to the extent that, it also arises under the 1969 Liability Convention;
- (b) where an incident has caused pollution damage within the scope of this Convention, and the State is a Party both to this Convention and to the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 1971, liability remaining to be discharged after the application of sub-paragraph (a) of this Article shall arise under this Convention only to the extent that pollution damage remains uncompensated after application of the said 1971 Convention;
- (c) in the application of Article III, paragraph 4, of this Convention the expression "this Convention" shall be interpreted as referring to this Convention or the 1969 Liability Convention, as appropriate;

- (d) in the application of Article V, paragraph 3, of this Convention the total sum of the fund to be constituted shall be reduced by the amount by which liability has been deemed to be discharged in accordance with sub-paragraph (a) of this Article.

Article XII *ter*

Final clauses

The final clauses of this Convention shall be Articles 12 to 18 of the Protocol of 1992 to amend the 1969 Liability Convention. References in this Convention to Contracting States shall be taken to mean references to the Contracting States of that Protocol.

Final Clauses of the Protocol of 1992 to amend the 1969 Civil Liability Convention

Article 12

Signature, ratification, acceptance, approval and accession

4. Any Contracting State to the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 1971, hereinafter referred to as the 1971 Fund Convention, may ratify, accept, approve or accede to this Protocol only if it ratifies, accepts, approves or accedes to the Protocol of 1992 to amend that Convention at the same time, unless it denounces the 1971 Fund Convention to take effect on the date when this Protocol enters into force for that State.
5. A State which is a Party to this Protocol but not a Party to the 1969 Liability Convention shall be bound by the provisions of the 1969 Liability Convention as amended by this Protocol in relation to other States Parties hereto, but shall not be bound by the provisions of the 1969 Liability Convention in relation to States Parties thereto.

Article 13

Entry into force

1. This Protocol shall enter into force twelve months following the date on which ten States including four States each with not less than one million units of gross tanker tonnage have deposited instruments of ratification, acceptance, approval or accession with the Secretary-General of the Organization.

2. However, any Contracting State to the 1971 Fund Convention may, at the time of the deposit of its instrument of ratification, acceptance, approval or accession in respect of this Protocol, declare that such instrument shall be deemed not to be effective for the purposes of this Article until the end of the six-month period in Article 31 of the Protocol of 1992 to amend the 1971 Fund Convention. A State which is not a Contracting State to the 1971 Fund Convention but which deposits an instrument of ratification, acceptance, approval or accession in respect of the Protocol of 1992 to amend the 1971 Fund Convention may also make a declaration in accordance with this paragraph at the same time.
3. Any State which has made a declaration in accordance with the preceding paragraph may withdraw it at any time by means of a notification addressed to the Secretary-General of the Organization. Any such withdrawal shall take effect on the date the notification is received, provided that such State shall be deemed to have deposited its instrument of ratification, acceptance, approval or accession in respect of this Protocol on that date.
4. For any State which ratifies, accepts, approves or accedes to it after the conditions in paragraph 1 for entry into force have been met, this Protocol shall enter into force twelve months following the date of deposit by such State of the appropriate instrument.

Article 14

Revision and amendment

1. A Conference for the purpose of revising or amending the 1992 Liability Convention may be convened by the Organization.
2. The Organization shall convene a Conference of Contracting States for the purpose of revising or amending the 1992 Liability Convention at the request of not less than one third of the Contracting States.

Article 15

Amendments of limitation amounts

1. Upon the request of at least one quarter of the Contracting States any proposal to amend the limits of liability laid down in Article V, paragraph 1, of the 1969 Liability Convention as amended by this Protocol shall be circulated by the Secretary-General to all Members of the Organization and to all Contracting States.
2. Any amendment proposed and circulated as above shall be submitted to the Legal Committee of the Organization for consideration at a date at least six months after the date of its circulation.
3. All Contracting States to the 1969 Liability Convention as amended by this Protocol, whether or not Members of the Organization, shall be entitled to participate in the proceedings of the Legal Committee for the consideration and adoption of amendments.
4. Amendments shall be adopted by a two-thirds majority of the Contracting States present and voting in the Legal Committee, expanded as provided for in paragraph 3, on condition that at least one half of the Contracting States shall be present at the time of voting.
5. When acting on a proposal to amend the limits, the Legal Committee shall take into account the experience of incidents and in particular the amount of damage resulting therefrom, changes in the monetary values and the effect of the proposed amendment on the cost of insurance. It shall also take into account the relationship between the limits in Article V, paragraph 1, of the 1969 Liability Convention as amended by this Protocol and those in Article 4, paragraph 4, of the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 1992.

6. (a) No amendment of the limits of liability under this Article may be considered before 15 January 1998 nor less than five years from the date of entry into force of a previous amendment under this Article. No amendment under this Article shall be considered before this Protocol has entered into force.
- (b) No limit may be increased so as to exceed an amount which corresponds to the limit laid down in the 1969 Liability Convention as amended by this Protocol increased by 6 per cent per year calculated on a compound basis from 15 January 1993.
- (c) No limit may be increased so as to exceed an amount which corresponds to the limit laid down in the 1969 Liability Convention as amended by this Protocol multiplied by 3.
7. Any amendment adopted in accordance with paragraph 4 shall be notified by the Organization to all Contracting States. The amendment shall be deemed to have been accepted at the end of a period of eighteen months after the date of notification, unless within that period not less than one quarter of the States that were Contracting States at the time of the adoption of the amendment by the Legal Committee have communicated to the Organization that they do not accept the amendment in which case the amendment is rejected and shall have no effect.
8. An amendment deemed to have been accepted in accordance with paragraph 7 shall enter into force eighteen months after its acceptance.
9. All Contracting States shall be bound by the amendment, unless they denounce this Protocol in accordance with Article 16, paragraphs 1 and 2, at least six months before the amendment enters into force. Such denunciation shall take effect when the amendment enters into force.
10. When an amendment has been adopted by the Legal Committee but the eighteen-month period for its acceptance has not yet expired, a State which becomes a Contracting State during that period shall be bound by the amendment if it enters into force. A State which becomes a Contracting State after that period shall be bound by an amendment which has been accepted in accordance with paragraph 7. In the cases referred to in this paragraph, a State becomes bound by an amendment when that amendment enters into force, or when this Protocol enters into force for that State, if later.

Article 16

Denunciation

1. This Protocol may be denounced by any Party at any time after the date on which it enters into force for that Party.
2. Denunciation shall be effected by the deposit of an instrument with the Secretary-General of the Organization.
3. A denunciation shall take effect twelve months, or such longer period as may be specified in the instrument of denunciation, after its deposit with the Secretary-General of the Organization.
4. As between the Parties to this Protocol, denunciation by any of them of the 1969 Liability Convention in accordance with Article XVI thereof shall not be construed in any way as a denunciation of the 1969 Liability Convention as amended by this Protocol.
5. Denunciation of the Protocol of 1992 to amend the 1971 Fund Convention by a State which remains a Party to the 1971 Fund Convention shall be deemed to be a denunciation of this Protocol. International Convention on the establishment of an International Fund for Compensation for Oil Pollution Damage, 1992⁴

The States Parties to the present Convention,

BEING PARTIES to the International Convention on Civil Liability for Oil Pollution Damage, adopted at Brussels on 29 November 1969,

CONSCIOUS of the dangers of pollution posed by the world-wide maritime carriage of oil in bulk,

CONVINCED of the need to ensure that adequate compensation is available to persons who suffer damage caused by pollution resulting from the escape or discharge of oil from ships,

CONSIDERING that the International Convention of 29 November 1969, on Civil Liability for Oil Pollution Damage, by providing a regime for compensation for pollution damage in Contracting States and for the costs of measures, wherever taken, to prevent or minimize such damage, represents a considerable progress towards the achievement of this aim,

CONSIDERING HOWEVER that this regime does not afford full compensation for victims of oil pollution damage in all cases while it imposes an additional financial burden on shipowners,

CONSIDERING FURTHER that the economic consequences of oil pollution damage resulting from the escape or discharge of oil carried in bulk at sea by ships should not exclusively be borne by the shipping industry but should in part be borne by the oil cargo interests,

CONVINCED of the need to elaborate a compensation and indemnification system supplementary to the International Convention on Civil Liability for Oil Pollution Damage with a view to ensuring that full compensation will be available to victims of oil pollution incidents and that the shipowners are at the same time given relief in respect of the additional financial burdens imposed on them by the said Convention,

TAKING NOTE of the Resolution on the Establishment of an International Compensation Fund for Oil Pollution Damage which was adopted on 29 November 1969 by the International Legal Conference on Marine Pollution Damage,

HAVE AGREED as follows:

General Provisions

Article 1

For the purposes of this Convention:

1. "1992 Liability Convention" means the International Convention on Civil Liability for Oil Pollution Damage, 1992.
1bis. "1971 Fund Convention" means the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 1971. For States Parties to the Protocol of 1976 to that Convention, the term shall be deemed to include the 1971 Fund Convention as amended by that Protocol.
2. "Ship", "Person", "Owner", "Oil", "Pollution Damage", "Preventive Measures", "Incident", and "Organization" have the same meaning as in Article I of the 1992 Liability Convention.

⁴1992 Fund Convention

3. "Contributing Oil" means crude oil and fuel oil as defined in sub-paragraphs (a) and (b) below:
 - (a) "Crude Oil" means any liquid hydrocarbon mixture occurring naturally in the earth whether or not treated to render it suitable for transportation. It also includes crude oils from which certain distillate fractions have been removed (sometimes referred to as "topped crudes") or to which certain distillate fractions have been added (sometimes referred to as "spiked" or "reconstituted" crudes).
 - (b) "Fuel Oil" means heavy distillates or residues from crude oil or blends of such materials intended for use as a fuel for the production of heat or power of a quality equivalent to the "American Society for Testing and Materials' Specification for Number Four Fuel Oil (Designation D 396-69)", or heavier.
4. "Unit of account" has the same meaning as in Article V, paragraph 9, of the 1992 Liability Convention.
5. "Ship's tonnage" has the same meaning as in Article V, paragraph 10, of the 1992 Liability Convention.
6. "Ton", in relation to oil, means a metric ton.
7. "Guarantor" means any person providing insurance or other financial security to cover an owner's liability in pursuance of Article VII, paragraph 1, of the 1992 Liability Convention.
8. "Terminal installation" means any site for the storage of oil in bulk which is capable of receiving oil from waterborne transportation, including any facility situated off-shore and linked to such site.
9. Where an incident consists of a series of occurrences, it shall be treated as having occurred on the date of the first such occurrence.

Article 2

1. An International Fund for compensation for pollution damage, to be named "The International Oil Pollution Compensation Fund 1992" and hereinafter referred to as "the Fund", is hereby established with the following aims:
 - (a) to provide compensation for pollution damage to the extent that the protection afforded by the 1992 Liability Convention is inadequate;
 - (b) to give effect to the related purposes set out in this Convention.
2. The Fund shall in each Contracting State be recognized as a legal person capable under the laws of that State of assuming rights and obligations and of being a party in legal proceedings before the courts of that State. Each Contracting State shall recognize the Director of the Fund (hereinafter referred to as "The Director") as the legal representative of the Fund.

Article 3

This Convention shall apply exclusively:

- (a) to pollution damage caused:
 - (i) in the territory, including the territorial sea, of a Contracting State, and
 - (ii) in the exclusive economic zone of a Contracting State, established in accordance with international law, or, if a Contracting State has not established such a zone, in an area beyond and adjacent to the territorial sea of that State determined by that State in accordance with international law and extending not more than 200 nautical miles from the baselines from which the breadth of its territorial sea is measured;
- (b) to preventive measures, wherever taken, to prevent or minimize such damage.

Compensation

Article 4

1. For the purpose of fulfilling its function under Article 2, paragraph 1(a), the Fund shall pay compensation to any person suffering pollution damage if such person has been unable to obtain full and adequate compensation for the damage under the terms of the 1992 Liability Convention,
 - (a) because no liability for the damage arises under the 1992 Liability Convention;
 - (b) because the owner liable for the damage under the 1992 Liability Convention is financially incapable of meeting his obligations in full and any financial security that may be provided under Article VII of that Convention does not cover or is insufficient to satisfy the claims for compensation for the damage; an owner being treated as financially incapable of meeting his obligations and a financial security being treated as insufficient if the person suffering the damage has been unable to obtain full satisfaction of the amount of compensation due under the 1992 Liability Convention after having taken all reasonable steps to pursue the legal remedies available to him;
 - (c) because the damage exceeds the owner's liability under the 1992 Liability Convention as limited pursuant to Article V, paragraph 1, of that Convention or under the terms of any other international Convention in force or open for signature, ratification or accession at the date of this Convention.

Expenses reasonably incurred or sacrifices reasonably made by the owner voluntarily to prevent or minimize pollution damage shall be treated as pollution damage for the purposes of this Article.

2. The Fund shall incur no obligation under the preceding paragraph if:
 - (a) it proves that the pollution damage resulted from an act of war, hostilities, civil war or insurrection or was caused by oil which has escaped or been discharged from a warship or other ship owned or operated by a State and used, at the time of the incident, only on Government non-commercial service; or
 - (b) the claimant cannot prove that the damage resulted from an incident involving one or more ships.
3. If the Fund proves that the pollution damage resulted wholly or partially either from an act or omission done with the intent to cause damage by the person who suffered the damage or from the negligence of that person, the Fund may be exonerated wholly or partially from its obligation to pay compensation to such person. The Fund shall in any event be exonerated to the extent that the shipowner may have been exonerated under Article III, paragraph 3, of the 1992 Liability Convention. However, there shall be no such exoneration of the Fund with regard to preventive measures.
4.
 - (a) Except as otherwise provided in sub-paragraphs (b) and (c) of this paragraph, the aggregate amount of compensation payable by the Fund under this Article shall in respect of any one incident be limited, so that the total sum of that amount and the amount of compensation actually paid under the 1992 Liability Convention for pollution damage within the scope of application of this Convention as defined in Article 3 shall not exceed 203,000,000 units of account⁵.
 - (b) Except as otherwise provided in sub-paragraph (c), the aggregate amount of compensation payable by the Fund under this Article for pollution damage resulting from a natural phenomenon of an exceptional, inevitable and irresistible character shall not exceed 203,000,000 units of account⁵.
 - (c) The maximum amount of compensation referred to in sub-paragraphs (a) and (b) shall be 300,740,000 units of account⁵ with respect to any incident occurring during any period when there are three Parties to this Convention in respect of which the combined relevant quantity of contributing oil received by persons in the territories of such Parties, during the preceding calendar year, equaled or exceeded 600 million tons.

⁵Lower amounts applied to incidents occurring before 1 November 2003; see pages 42-43

- (d) Interest accrued on a fund constituted in accordance with Article V, paragraph 3, of the 1992 Liability Convention, if any, shall not be taken into account for the computation of the maximum compensation payable by the Fund under this Article.
 - (e) The amounts mentioned in this Article shall be converted into national currency on the basis of the value of that currency by reference to the Special Drawing Right on the date of the decision of the Assembly of the Fund as to the first date of payment of compensation.
5. Where the amount of established claims against the Fund exceeds the aggregate amount of compensation payable under paragraph 4, the amount available shall be distributed in such a manner that the proportion between any established claim and the amount of compensation actually recovered by the claimant under this Convention shall be the same for all claimants.
 6. The Assembly of the Fund may decide that, in exceptional cases, compensation in accordance with this Convention can be paid even if the owner of the ship has not constituted a fund in accordance with Article V, paragraph 3, of the 1992 Liability Convention. In such case paragraph 4(e) of this Article applies accordingly.
 7. The Fund shall, at the request of a Contracting State, use its good offices as necessary to assist that State to secure promptly such personnel, material and services as are necessary to enable the State to take measures to prevent or mitigate pollution damage arising from an incident in respect of which the Fund may be called upon to pay compensation under this Convention.
 8. The Fund may on conditions to be laid down in the Internal Regulations provide credit facilities with a view to the taking of preventive measures against pollution damage arising from a particular incident in respect of which the Fund may be called upon to pay compensation under this Convention.

Article 5

(deleted)

Article 6

Rights to compensation under Article 4 shall be extinguished unless an action is brought thereunder or a notification has been made pursuant to Article 7, paragraph 6, within three years from the date when the damage occurred. However, in no case shall an action be brought after six years from the date of the incident which caused the damage.

Article 7

1. Subject to the subsequent provisions of this Article, any action against the Fund for compensation under Article 4 of this Convention shall be brought only before a court competent under Article IX of the 1992 Liability Convention in respect of actions against the owner who is or who would, but for the provisions of Article III, paragraph 2, of that Convention, have been liable for pollution damage caused by the relevant incident.
2. Each Contracting State shall ensure that its courts possess the necessary jurisdiction to entertain such actions against the Fund as are referred to in paragraph 1.

3. Where an action for compensation for pollution damage has been brought before a court competent under Article IX of the 1992 Liability Convention against the owner of a ship or his guarantor, such court shall have exclusive jurisdictional competence over any action against the Fund for compensation under the provisions of Article 4 of this Convention in respect of the same damage. However, where an action for compensation for pollution damage under the 1992 Liability Convention has been brought before a court in a State Party to the 1992 Liability Convention but not to this Convention, any action against the Fund under Article 4 of this Convention shall at the option of the claimant be brought either before a court of the State where the Fund has its headquarters or before any court of a State Party to this Convention competent under Article IX of the 1992 Liability Convention.
4. Each Contracting State shall ensure that the Fund shall have the right to intervene as a party to any legal proceedings instituted in accordance with Article IX of the 1992 Liability Convention before a competent court of that State against the owner of a ship or his guarantor.
5. Except as otherwise provided in paragraph 6, the Fund shall not be bound by any judgment or decision in proceedings to which it has not been a party or by any settlement to which it is not a party.
6. Without prejudice to the provisions of paragraph 4, where an action under the 1992 Liability Convention for compensation for pollution damage has been brought against an owner or his guarantor before a competent court in a Contracting State, each party to the proceedings shall be entitled under the national law of that State to notify the Fund of the proceedings. Where such notification has been made in accordance with the formalities required by the law of the court seized and in such time and in such a manner that the Fund has in fact been in a position effectively to intervene as a party to the proceedings, any judgment rendered by the court in such proceedings shall, after it has become final and enforceable in the State where the judgment was given, become binding upon the Fund in the sense that the facts and findings in that judgment may not be disputed by the Fund even if the Fund has not actually intervened in the proceedings.

Article 8

Subject to any decision concerning the distribution referred to in Article 4, paragraph 5, any judgment given against the Fund by a court having jurisdiction in accordance with Article 7, paragraphs 1 and 3, shall, when it has become enforceable in the State of origin and is in that State no longer subject to ordinary forms of review, be recognized and enforceable in each Contracting State on the same conditions as are prescribed in Article X of the 1992 Liability Convention.

Article 9

1. The Fund shall, in respect of any amount of compensation for pollution damage paid by the Fund in accordance with Article 4, paragraph 1, of this Convention, acquire by subrogation the rights that the persons so compensated may enjoy under the 1992 Liability Convention against the owner or his guarantor.
2. Nothing in this Convention shall prejudice any right of recourse or subrogation of the Fund against persons other than those referred to in the preceding paragraph. In any event the right of the Fund to subrogation against such person shall not be less favourable than that of an insurer of the person to whom compensation has been paid.
3. Without prejudice to any other rights of subrogation or recourse against the Fund which may exist, a Contracting State or agency thereof which has paid compensation for pollution damage in accordance with provisions of national law shall acquire by subrogation the rights which the person so compensated would have enjoyed under this Convention.

Contributions

Article 10

1. Annual contributions to the Fund shall be made in respect of each Contracting State by any person who, in the calendar year referred to in Article 12, paragraph 2(a) or (b), has received in total quantities exceeding 150,000 tons:
 - (a) in the ports or terminal installations in the territory of that State contributing oil carried by sea to such ports or terminal installations; and

- (b) in any installations situated in the territory of that Contracting State contributing oil which has been carried by sea and discharged in a port or terminal installation of a non-Contracting State, provided that contributing oil shall only be taken into account by virtue of this sub-paragraph on first receipt in a Contracting State after its discharge in that non-Contracting State.
2. (a) For the purposes of paragraph 1, where the quantity of contributing oil received in the territory of a Contracting State by any person in a calendar year when aggregated with the quantity of contributing oil received in the same Contracting State in that year by any associated person or persons exceeds 150,000 tons, such person shall pay contributions in respect of the actual quantity received by him notwithstanding that that quantity did not exceed 150,000 tons.
- (b) "Associated person" means any subsidiary or commonly controlled entity. The question whether a person comes within this definition shall be determined by the national law of the State concerned.

Article 11

(deleted)

Article 12

1. With a view to assessing the amount of annual contributions due, if any, and taking account of the necessity to maintain sufficient liquid funds, the Assembly shall for each calendar year make an estimate in the form of a budget of:
- (i) Expenditure
- (a) costs and expenses of the administration of the Fund in the relevant year and any deficit from operations in preceding years;
- (b) payments to be made by the Fund in the relevant year for the satisfaction of claims against the Fund due under Article 4, including repayment on loans previously taken by the Fund for the satisfaction of such claims, to the extent that the aggregate amount of such claims in respect of any one incident does not exceed four million units of account;
- (c) payments to be made by the Fund in the relevant year for the satisfaction of claims against the Fund due under Article 4, including repayments on loans previously taken by the Fund for the satisfaction of such claims, to the extent that the aggregate amount of such claims in respect of any one incident is in excess of four million units of account;
- (ii) Income
- (a) surplus funds from operations in preceding years, including any interest;
- (b) annual contributions, if required to balance the budget;
- (c) any other income.
2. The Assembly shall decide the total amount of contributions to be levied. On the basis of that decision, the Director shall, in respect of each Contracting State, calculate for each person referred to in Article 10 the amount of his annual contribution:
- (a) in so far as the contribution is for the satisfaction of payments referred to in paragraph 1(i)(a) and (b) on the basis of a fixed sum for each ton of contributing oil received in the relevant State by such persons during the preceding calendar year; and

- (b) in so far as the contribution is for the satisfaction of payments referred to in paragraph 1(i)(c) of this Article on the basis of a fixed sum for each ton of contributing oil received by such person during the calendar year preceding that in which the incident in question occurred, provided that State was a Party to this Convention at the date of the incident.
3. The sums referred to in paragraph 2 above shall be arrived at by dividing the relevant total amount of contributions required by the total amount of contributing oil received in all Contracting States in the relevant year.
4. The annual contribution shall be due on the date to be laid down in the Internal Regulations of the Fund. The Assembly may decide on a different date of payment.
5. The Assembly may decide, under conditions to be laid down in the Financial Regulations of the Fund, to make transfers between funds received in accordance with Article 12.2(a) and funds received in accordance with Article 12.2(b).

Article 13

1. The amount of any contribution due under Article 12 and which is in arrears shall bear interest at a rate which shall be determined in accordance with the Internal Regulations of the Fund, provided that different rates may be fixed for different circumstances.
2. Each Contracting State shall ensure that any obligation to contribute to the Fund arising under this Convention in respect of oil received within the territory of that State is fulfilled and shall take any appropriate measures under its law, including the imposing of such sanctions as it may deem necessary, with a view to the effective execution of any such obligation; provided, however, that such measures shall only be directed against those persons who are under an obligation to contribute to the Fund.
3. Where a person who is liable in accordance with the provisions of Articles 10 and 12 to make contributions to the Fund does not fulfil his obligations in respect of any such contribution or any part thereof and is in arrear, the Director shall take all appropriate action against such person on behalf of the Fund with a view to the recovery of the amount due. However, where the defaulting contributor is manifestly insolvent or the circumstances otherwise so warrant, the Assembly may, upon recommendation of the Director, decide that no action shall be taken or continued against the contributor.

Article 14

1. Each Contracting State may at the time when it deposits its instrument of ratification or accession or at any time thereafter declare that it assumes itself obligations that are incumbent under this Convention on any person who is liable to contribute to the Fund in accordance with Article 10, paragraph 1, in respect of oil received within the territory of that State. Such declaration shall be made in writing and shall specify which obligations are assumed.
2. Where a declaration under paragraph 1 is made prior to the entry into force of this Convention in accordance with Article 40, it shall be deposited with the Secretary-General of the Organization who shall after the entry into force of the Convention communicate the declaration to the Director.
3. A declaration under paragraph 1 which is made after the entry into force of this Convention shall be deposited with the Director.
4. A declaration made in accordance with this Article may be withdrawn by the relevant State giving notice thereof in writing to the Director. Such notification shall take effect three months after the Director's receipt thereof.

5. Any State which is bound by a declaration made under this Article shall, in any proceedings brought against it before a competent court in respect of any obligation specified in the declaration, waive any immunity that it would otherwise be entitled to invoke.

Article 15

1. Each Contracting State shall ensure that any person who receives contributing oil within its territory in such quantities that he is liable to contribute to the Fund appears on a list to be established and kept up to date by the Director in accordance with the subsequent provisions of this Article.
2. For the purposes set out in paragraph 1, each Contracting State shall communicate, at a time and in the manner to be prescribed in the Internal Regulations, to the Director the name and address of any person who in respect of that State is liable to contribute to the Fund pursuant to Article 10, as well as data on the relevant quantities of contributing oil received by any such person during the preceding calendar year.
3. For the purposes of ascertaining who are, at any given time, the persons liable to contribute to the Fund in accordance with Article 10, paragraph 1, and of establishing, where applicable, the quantities of oil to be taken into account for any such person when determining the amount of his contribution, the list shall be prima facie evidence of the facts stated therein.
4. Where a Contracting State does not fulfil its obligations to submit to the Director the communication referred to in paragraph 2 and this results in a financial loss for the Fund, that Contracting State shall be liable to compensate the Fund for such loss. The Assembly shall, on the recommendation of the Director, decide whether such compensation shall be payable by that Contracting State.

9. to establish any temporary or permanent subsidiary body it may consider to be necessary, to define its terms of reference and to give it the authority needed to perform the functions entrusted to it; when appointing the members of such body, the Assembly shall endeavour to secure an equitable geographical distribution of members and to ensure that the Contracting States, in respect of which the largest quantities of contributing oil are being received, are appropriately represented; the Rules of Procedure of the Assembly may be applied, mutatis mutandis, for the work of such subsidiary body;
10. to determine which non-Contracting States and which inter-governmental and international non-governmental organizations shall be admitted to take part, without voting rights, in meetings of the Assembly and subsidiary bodies;

- (c) decisions where a three-fourths or a two-thirds majority is required shall be by a three-fourths or two-thirds majority vote, as the case may be, of those present;
- (d) for the purpose of this Article the phrase "members present" means "members present at the meeting at the time of the vote", and the phrase "members present and voting" means "members present and casting an affirmative or negative vote". Article 34

1. The Fund, its assets, income, including contributions, and other property shall enjoy in all Contracting States exemption from all direct taxation.
2. When the Fund makes substantial purchases of movable or immovable property, or has important work carried out which is necessary for the exercise of its official activities and the cost of which includes indirect taxes or sales taxes, the Governments of Member States shall take, whenever possible, appropriate measures for the remission or refund of the amount of such duties and taxes.
3. No exemption shall be accorded in the case of duties, taxes or dues which merely constitute payment for public utility services.
4. The Fund shall enjoy exemption from all customs duties, taxes and other related taxes on articles imported or exported by it or on its behalf for its official use. Articles thus imported shall not be transferred either for consideration or gratis on the territory of the country into which they have been imported except on conditions agreed by the Government of that country.
5. Persons contributing to the Fund and victims and owners of ships receiving compensation from the Fund shall be subject to the fiscal legislation of the State where they are taxable, no special exemption or other benefit being conferred on them in this respect.

6. Information relating to individual contributors supplied for the purpose of this Convention shall not be divulged outside the Fund except in so far as it may be strictly necessary to enable the Fund to carry out its functions including the bringing and defending of legal proceedings.

Article 35

Claims for compensation under Article 4 arising from incidents occurring after the date of entry into force of this Convention may not be brought against the Fund earlier than the one hundred and twentieth day after that date.

Article 36

The Secretary-General of the Organization shall convene the first session of the Assembly. This session shall take place as soon as possible after entry into force of this Convention and, in any case, not more than thirty days after such entry into force.

Article 36 bis

The following transitional provisions shall apply in the period, hereinafter referred to as the transitional period, commencing with the date of entry into force of this Convention and ending with the date on which the denunciations provided for in Article 31 of the 1992 Protocol to amend the 1971 Fund Convention take effect:

- (a) In the application of paragraph 1(a) of Article 2 of this Convention, the reference to the 1992 Liability Convention shall include reference to the International Convention on Civil Liability for Oil Pollution Damage, 1969, either in its original version or as amended by the Protocol thereto of 1976 (referred to in this Article as “the 1969 Liability Convention”), and also the 1971 Fund Convention.
- (b) Where an incident has caused pollution damage within the scope of this Convention, the Fund shall pay compensation to any person suffering pollution damage only if, and to the extent that, such person has been unable to obtain full and adequate compensation for the damage under the terms of the 1969 Liability Convention, the 1971 Fund Convention and the 1992 Liability Convention, provided that, in respect of pollution damage within the scope of this Convention in respect of a Party to this Convention but not a Party to the 1971 Fund Convention, the Fund shall pay compensation to any person suffering pollution damage only if, and to the extent that, such person would have been unable to obtain full and adequate compensation had that State been party to each of the above-mentioned Conventions.
- (c) In the application of Article 4 of this Convention, the amount to be taken into account in determining the aggregate amount of compensation payable by the Fund shall also include the amount of compensation actually paid under the 1969 Liability Convention, if any, and the amount of compensation actually paid or deemed to have been paid under the 1971 Fund Convention.
- (d) Paragraph 1 of Article 9 of this Convention shall also apply to the rights enjoyed under the 1969 Liability Convention.

Article 36 ter

1. Subject to paragraph 4 of this Article, the aggregate amount of the annual contributions payable in respect of contributing oil received in a single Contracting State during a calendar year shall not exceed 27.5% of the total amount of annual contributions pursuant to the 1992 Protocol to amend the 1971 Fund Convention, in respect of that calendar year.

2. If the application of the provisions in paragraphs 2 and 3 of Article 12 would result in the aggregate amount of the contributions payable by contributors in a single Contracting State in respect of a given calendar year exceeding 27.5% of the total annual contributions, the contributions payable by all contributors in that State shall be reduced pro rata so that their aggregate contributions equal 27.5% of the total annual contributions to the Fund in respect of that year.
3. If the contributions payable by persons in a given Contracting State shall be reduced pursuant to paragraph 2 of this Article, the contributions payable by persons in all other Contracting States shall be increased pro rata so as to ensure that the total amount of contributions payable by all persons liable to contribute to the Fund in respect of the calendar year in question will reach the total amount of contributions decided by the Assembly.
4. The provisions in paragraphs 1 to 3 of this Article shall operate until the total quantity of contributing oil received in all Contracting States in a calendar year has reached 750 million tons or until a period of 5 years after the date of entry into force of the said 1992 Protocol has elapsed, whichever occurs earlier.

Article 36 quater

Notwithstanding the provisions of this Convention, the following provisions shall apply to the administration of the Fund during the period in which both the 1971 Fund Convention and this Convention are in force:

- (a) The Secretariat of the Fund, established by the 1971 Fund Convention (hereinafter referred to as “the 1971 Fund”), headed by the Director, may also function as the Secretariat and the Director of the Fund.
- (b) If, in accordance with sub-paragraph (a), the Secretariat and the Director of the 1971 Fund also perform the function of Secretariat and Director of the Fund, the Fund shall be represented, in cases of conflict of interests between the 1971 Fund and the Fund, by the Chairman of the Assembly of the Fund.
- (c) The Director and the staff and experts appointed by him, performing their duties under this Convention and the 1971 Fund Convention, shall not be regarded as contravening the provisions of Article 30 of this Convention in so far as they discharge their duties in accordance with this Article.
- (d) The Assembly of the Fund shall endeavour not to take decisions which are incompatible with decisions taken by the Assembly of the 1971 Fund. If differences of opinion with respect to common administrative issues arise, the Assembly of the Fund shall try to reach a consensus with the Assembly of the 1971 Fund, in a spirit of mutual co-operation and with the common aims of both organizations in mind.
- (e) The Fund may succeed to the rights, obligations and assets of the 1971 Fund if the Assembly of the 1971 Fund so decides, in accordance with Article 44, paragraph 2, of the 1971 Fund Convention.
- (f) The Fund shall reimburse to the 1971 Fund all costs and expenses arising from administrative services performed by the 1971 Fund on behalf of the Fund.

It shall also take into account the relationship between the limits in Article 4, paragraph 4, of the 1971 Fund Convention as amended by this Protocol and those in Article V, paragraph 1 of the International Convention on Civil Liability for Oil Pollution Damage, 1992.
6.

7. Notwithstanding a denunciation of this Protocol by a Party pursuant to this Article, any provisions of this Protocol relating to the obligations to make contributions under Article 10 of the 1971 Fund Convention as amended by this Protocol with respect to an incident referred to in Article 12, paragraph 2(b), of that amended Convention and occurring before the denunciation takes effect shall continue to apply.

Adoption of amendments of the limits of compensation in the Protocol of 1992 to amend the International Convention on the establishment of an International Fund for Compensation for Oil Pollution Damage, 1971

THE LEGAL COMMITTEE at its eighty-second session:

RECALLING Article 33(b) of the Convention on the International Maritime Organization (hereinafter referred to as the "IMO Convention") concerning the functions of the Committee,

MINDFUL of Article 36 of the IMO Convention concerning rules governing the procedures to be followed when exercising the functions conferred on it by or under any international convention or instrument,

RECALLING FURTHER article 33 of the Protocol of 1992 to amend the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 1971 (hereinafter referred to as the "1992 Fund Protocol") concerning the procedures for amending the limits of the amounts of compensation set out in article 6(3) of the 1992 Fund Protocol,

HAVING CONSIDERED amendments to the limits of the amounts of compensation proposed and circulated in accordance with the provisions of article 33(1) and (2) of the 1992 Fund Protocol,

1. **ADOPTS**, in accordance with article 33(4) of the 1992 Fund Protocol, amendments to the limits of the amounts of compensation set out in article 6(3) of the 1992 Fund Protocol, as set out in the Annex to this resolution;
2. **DETERMINES**, in accordance with article 33(7) of the 1992 Fund Protocol, that these amendments shall be deemed to have been accepted on 1 May 2002 unless, prior to that date, not less than one quarter of the States that were Contracting States on the date of the adoption of these amendments (being 18 October 2000) have communicated to the Organization that they do not accept these amendments;
3. **FURTHER DETERMINES** that, in accordance with article 33(8) of the 1992 Fund Protocol, these amendments, deemed to have been accepted in accordance with paragraph 2 above, shall enter into force on 1 November 2003;
4. **REQUESTS** the Secretary-General, in accordance with articles 33(7) and 38(2)(vi) of the 1992 Fund Protocol, to transmit certified copies of the present resolution and the amendments contained in the Annex thereto to all States which have signed or acceded to the 1992 Fund Protocol; and

Annex

Amendments of the limits of compensation in the Protocol of 1992 to amend the International Convention on the establishment of an International Fund for Compensation for Oil Pollution Damage, 1971

Article 6(3) of the 1992 Fund Protocol is amended as follows:

- the reference in paragraph 4(a) to "135 million units of account" shall read "203,000,000 units of account";
- the reference in paragraph 4(b) to "135 million units of account" shall read "203,000,000 units of account"; and
- the reference in paragraph 4(c) to "200 million units of account" shall read "300,740,000 units of account".

Protocol of 2003 to the International Convention on the establishment of an International Fund for Compensation for Oil Pollution Damage, 1992⁷

The Contracting States to the present Protocol,

BEARING IN MIND the International Convention on Civil Liability for Oil Pollution Damage, 1992 (hereinafter “the 1992 Liability Convention”),

HAVING CONSIDERED the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 1992 (hereinafter “the 1992 Fund Convention”),

AFFIRMING the importance of maintaining the viability of the international oil pollution liability and compensation system,

NOTING that the maximum compensation afforded by the 1992 Fund Convention might be insufficient to meet compensation needs in certain circumstances in some Contracting States to that Convention,

RECOGNIZING that a number of Contracting States to the 1992 Liability and 1992 Fund Conventions consider it necessary as a matter of urgency to make available additional funds for compensation through the creation of a supplementary scheme to which States may accede if they so wish,

BELIEVING that the supplementary scheme should seek to ensure that victims of oil pollution damage are compensated in full for their loss or damage and should also alleviate the difficulties faced by victims in cases where there is a risk that the amount of compensation available under the 1992 Liability and 1992 Fund Conventions will be insufficient to pay established claims in full and that as a consequence the International Oil Pollution Compensation Fund, 1992, has decided provisionally that it will pay only a proportion of any established claim,

CONSIDERING that accession to the supplementary scheme will be open only to Contracting States to the 1992 Fund Convention,

HAVE AGREED as follows:

General provisions

Article 1

For the purposes of this Protocol:

1. “1992 Liability Convention” means the International Convention on Civil Liability for Oil Pollution Damage, 1992;
2. “1992 Fund Convention” means the International Convention on the Establishment of an International Fund for Compensation for Oil Pollution Damage, 1992;
3. “1992 Fund” means the International Oil Pollution Compensation Fund, 1992, established under the 1992 Fund Convention;

⁷ Supplementary Fund Protocol

4. "Contracting State" means a Contracting State to this Protocol, unless stated otherwise;
5. When provisions of the 1992 Fund Convention are incorporated by reference into this Protocol, "Fund" in that Convention means "Supplementary Fund", unless stated otherwise;
6. "Ship", "Person", "Owner", "Oil", "Pollution Damage", "Preventive Measures" and "Incident" have the same meaning as in article I of the 1992 Liability Convention;
7. "Contributing Oil", "Unit of Account", "Ton", "Guarantor" and "Terminal installation" have the same meaning as in article 1 of the 1992 Fund Convention, unless stated otherwise;
8. "Established claim" means a claim which has been recognised by the 1992 Fund or been accepted as admissible by decision of a competent court binding upon the 1992 Fund not subject to ordinary forms of review and which would have been fully compensated if the limit set out in article 4, paragraph 4, of the 1992 Fund Convention had not been applied to that incident;
9. "Assembly" means the Assembly of the International Oil Pollution Compensation Supplementary Fund, 2003, unless otherwise indicated;
10. "Organization" means the International Maritime Organization;
11. "Secretary-General" means the Secretary-General of the Organization.

Article 2

1. An International Supplementary Fund for compensation for pollution damage, to be named "The International Oil Pollution Compensation Supplementary Fund, 2003" (hereinafter "the Supplementary Fund"), is hereby established.
2. The Supplementary Fund shall in each Contracting State be recognized as a legal person capable under the laws of that State of assuming rights and obligations and of being a party in legal proceedings before the courts of that State. Each Contracting State shall recognize the Director of the Supplementary Fund as the legal representative of the Supplementary Fund.

Article 3

This Protocol shall apply exclusively:

- (a) to pollution damage caused:
 - (i) in the territory, including the territorial sea, of a Contracting State, and
 - (ii) in the exclusive economic zone of a Contracting State, established in accordance with international law, or, if a Contracting State has not established such a zone, in an area beyond and adjacent to the territorial sea of that State determined by that State in accordance with international law and extending not more than 200 nautical miles from the baselines from which the breadth of its territorial sea is measured;
- (b) to preventive measures, wherever taken, to prevent or minimize such damage.

Supplementary Compensation

Article 4

1. The Supplementary Fund shall pay compensation to any person suffering pollution damage if such person has been unable to obtain full and adequate compensation for an established claim for such damage under the terms of the 1992 Fund Convention, because the total damage exceeds, or there is a risk that it will exceed, the applicable limit of compensation laid down in article 4, paragraph 4, of the 1992 Fund Convention in respect of any one incident.
2. (a) The aggregate amount of compensation payable by the Supplementary Fund under this article shall in respect of any one incident be limited, so that the total sum of that amount together with the amount of compensation actually paid under the 1992 Liability Convention and the 1992 Fund Convention within the scope of application of this Protocol shall not exceed 750 million units of account.

(b) The amount of 750 million units of account mentioned in paragraph 2(a) shall be converted into national currency on the basis of the value of that currency by reference to the Special Drawing Right on the date determined by the Assembly of the 1992 Fund for conversion of the maximum amount payable under the 1992 Liability and 1992 Fund Conventions.
3. Where the amount of established claims against the Supplementary Fund exceeds the aggregate amount of compensation payable under paragraph 2, the amount available shall be distributed in such a manner that the proportion between any established claim and the amount of compensation actually recovered by the claimant under this Protocol shall be the same for all claimants.
4. The Supplementary Fund shall pay compensation in respect of established claims as defined in article 1, paragraph 8, and only in respect of such claims.

Article 5

The Supplementary Fund shall pay compensation when the Assembly of the 1992 Fund has considered that the total amount of the established claims exceeds, or there is a risk that the total amount of established claims will exceed the aggregate amount of compensation available under article 4, paragraph 4, of the 1992 Fund Convention and that as a consequence the Assembly of the 1992 Fund has decided provisionally or finally that payments will only be made for a proportion of any established claim. The Assembly of the Supplementary Fund shall then decide whether and to what extent the Supplementary Fund shall pay the proportion of any established claim not paid under the 1992 Liability Convention and the 1992 Fund Convention.

Article 6

1. Subject to article 15, paragraphs 2 and 3, rights to compensation against the Supplementary Fund shall be extinguished only if they are extinguished against the 1992 Fund under article 6 of the 1992 Fund Convention.
2. A claim made against the 1992 Fund shall be regarded as a claim made by the same claimant against the Supplementary Fund.

Article 7

1. The provisions of article 7, paragraphs 1, 2, 4, 5 and 6, of the 1992 Fund Convention shall apply to actions for compensation brought against the Supplementary Fund in accordance with article 4, paragraph 1, of this Protocol.
2. Where an action for compensation for pollution damage has been brought before a court competent under article IX of the 1992 Liability Convention against the owner of a ship or his guarantor, such court shall have exclusive jurisdictional competence over any action against the Supplementary Fund for compensation under the provisions of article 4 of this Protocol in respect of the same damage. However, where an action for compensation for pollution damage under the 1992 Liability Convention has been brought before a court in a Contracting State to the 1992 Liability Convention but not to this Protocol, any action against the Supplementary Fund under article 4 of this Protocol shall at the option of the claimant be brought either before a court of the State where the Supplementary Fund has its headquarters or before any court of a Contracting State to this Protocol competent under article IX of the 1992 Liability Convention.
3. Notwithstanding paragraph 1, where an action for compensation for pollution damage against the 1992 Fund has been brought before a court in a Contracting State to the 1992 Fund Convention but not to this Protocol, any related action against the Supplementary Fund shall, at the option of the claimant, be brought either before a court of the State where the Supplementary Fund has its headquarters or before any court of a Contracting State competent under paragraph 1.

Article 8

1. Subject to any decision concerning the distribution referred to in article 4, paragraph 3 of this Protocol, any judgment given against the Supplementary Fund by a court having jurisdiction in accordance with article 7 of this Protocol, shall, when it has become enforceable in the State of origin and is in that State no longer subject to ordinary forms of review, be recognized and enforceable in each Contracting State on the same conditions as are prescribed in article X of the 1992 Liability Convention.
2. A Contracting State may apply other rules for the recognition and enforcement of judgments, provided that their effect is to ensure that judgments are recognised and enforced at least to the same extent as under paragraph 1.

Article 9

1. The Supplementary Fund shall, in respect of any amount of compensation for pollution damage paid by the Supplementary Fund in accordance with article 4, paragraph 1, of this Protocol, acquire by subrogation the rights that the person so compensated may enjoy under the 1992 Liability Convention against the owner or his guarantor.
2. The Supplementary Fund shall acquire by subrogation the rights that the person compensated by it may enjoy under the 1992 Fund Convention against the 1992 Fund.
3. Nothing in this Protocol shall prejudice any right of recourse or subrogation of the Supplementary Fund against persons other than those referred to in the preceding paragraphs. In any event the right of the Supplementary Fund to subrogation against such person shall not be less favourable than that of an insurer of the person to whom compensation has been paid.
4. Without prejudice to any other rights of subrogation or recourse against the Supplementary Fund which may exist, a Contracting State or agency thereof which has paid compensation for pollution damage in accordance with provisions of national law shall acquire by subrogation the rights which the person so compensated would have enjoyed under this Protocol.

Contributions

Article 10

1. Annual contributions to the Supplementary Fund shall be made in respect of each Contracting State by any person who, in the calendar year referred to in article 11, paragraph 2(a) or (b), has received in total quantities exceeding 150,000 tons:
 - (a) in the ports or terminal installations in the territory of that State contributing oil carried by sea to such ports or terminal installations; and
 - (b) in any installations situated in the territory of that Contracting State contributing oil which has been carried by sea and discharged in a port or terminal installation of a non-Contracting State, provided that contributing oil shall only be taken into account by virtue of this sub-paragraph on first receipt in a Contracting State after its discharge in that non-Contracting State.
2. The provisions of article 10, paragraph 2, of the 1992 Fund Convention shall apply in respect of the obligation to pay contributions to the Supplementary Fund.

Article 11

1. With a view to assessing the amount of annual contributions due, if any, and taking account of the necessity to maintain sufficient liquid funds, the Assembly shall for each calendar year make an estimate in the form of a budget of:
 - (i) Expenditure
 - (a) costs and expenses of the administration of the Supplementary Fund in the relevant year and any deficit from operations in preceding years;
 - (b) payments to be made by the Supplementary Fund in the relevant year for the satisfaction of claims against the Supplementary Fund due under article 4, including repayments on loans previously taken by the Supplementary Fund for the satisfaction of such claims;
 - (ii) Income
 - (a) surplus funds from operations in preceding years, including any interest;
 - (b) annual contributions, if required to balance the budget;
 - (c) any other income.
2. The Assembly shall decide the total amount of contributions to be levied. On the basis of that decision, the Director of the Supplementary Fund shall, in respect of each Contracting State, calculate for each person referred to in article 10, the amount of that person's annual contribution:
 - (a) in so far as the contribution is for the satisfaction of payments referred to in paragraph 1(i)(a) on the basis of a fixed sum for each ton of contributing oil received in the relevant State by such person during the preceding calendar year; and
 - (b) in so far as the contribution is for the satisfaction of payments referred to in paragraph 1(i)(b) on the basis of a fixed sum for each ton of contributing oil received by such person during the calendar year preceding that in which the incident in question occurred, provided that State was a Contracting State to this Protocol at the date of the incident.

3. The sums referred to in paragraph 2 shall be arrived at by dividing the relevant total amount of contributions required by the total amount of contributing oil received in all Contracting States in the relevant year.
4. The annual contribution shall be due on the date to be laid down in the Internal Regulations of the Supplementary Fund. The Assembly may decide on a different date of payment.
5. The Assembly may decide, under conditions to be laid down in the Financial Regulations of the Supplementary Fund, to make transfers between funds received in accordance with paragraph 2(a) and funds received in accordance with paragraph 2(b).

Article 12

1. The provisions of article 13 of the 1992 Fund Convention shall apply to contributions to the Supplementary Fund.
2. A Contracting State itself may assume the obligation to pay contributions to the Supplementary Fund in accordance with the procedure set out in article 14 of the 1992 Fund Convention.

Article 13

1. Contracting States shall communicate to the Director of the Supplementary Fund information on oil receipts in accordance with article 15 of the 1992 Fund Convention provided, however, that communications made to the Director of the 1992 Fund under article 15, paragraph 2, of the 1992 Fund Convention shall be deemed to have been made also under this Protocol.
2. Where a Contracting State does not fulfil its obligations to submit the communication referred to in paragraph 1 and this results in a financial loss for the Supplementary Fund, that Contracting State shall be liable to compensate the Supplementary Fund for such loss. The Assembly shall, on the recommendation of the Director of the Supplementary Fund, decide whether such compensation shall be payable by that Contracting State.

Article 14

1. Notwithstanding article 10, for the purposes of this Protocol there shall be deemed to be a minimum receipt of 1 million tons of contributing oil in each Contracting State.
2. When the aggregate quantity of contributing oil received in a Contracting State is less than 1 million tons, the Contracting State shall assume the obligations that would be incumbent under this Protocol on any person who would be liable to contribute to the Supplementary Fund in respect of oil received within the territory of that State in so far as no liable person exists for the aggregated quantity of oil received.

Article 15

1. If in a Contracting State there is no person meeting the conditions of article 10, that Contracting State shall for the purposes of this Protocol inform the Director of the Supplementary Fund thereof.
2. No compensation shall be paid by the Supplementary Fund for pollution damage in the territory, territorial sea or exclusive economic zone or area determined in accordance with article 3(a)(ii), of this Protocol, of a Contracting State in respect of a given incident or for preventive measures, wherever taken, to prevent or minimize such damage, until the obligations to communicate to the Director of the Supplementary Fund according to article 13, paragraph 1 and paragraph 1 of this article have been complied with in respect of that Contracting State for all years prior to the occurrence of that incident. The Assembly shall determine in the Internal Regulations the circumstances under which a Contracting State shall be considered as having failed to comply with its obligations.

3. Where compensation has been denied temporarily in accordance with paragraph 2, compensation shall be denied permanently in respect of that incident if the obligations to communicate to the Director of the Supplementary Fund under article 13, paragraph 1 and paragraph 1 of this article, have not been complied with within one year after the Director of the Supplementary Fund has notified the Contracting State of its failure to report.
4. Any payments of contributions due to the Supplementary Fund shall be set off against compensation due to the debtor, or the debtor's agents.

Organization and administration

Article 16

1. The Supplementary Fund shall have an Assembly and a Secretariat headed by a Director.
2. Articles 17 to 20 and 28 to 33 of the 1992 Fund Convention shall apply to the Assembly, Secretariat and Director of the Supplementary Fund.
3. Article 34 of the 1992 Fund Convention shall apply to the Supplementary Fund.

Article 17

1. The Secretariat of the 1992 Fund, headed by the Director of the 1992 Fund, may also function as the Secretariat and the Director of the Supplementary Fund.
2. If, in accordance with paragraph 1, the Secretariat and the Director of the 1992 Fund also perform the function of Secretariat and Director of the Supplementary Fund, the Supplementary Fund shall be represented, in cases of conflict of interests between the 1992 Fund and the Supplementary Fund, by the Chairman of the Assembly.
3. The Director of the Supplementary Fund, and the staff and experts appointed by the Director of the Supplementary Fund, performing their duties under this Protocol and the 1992 Fund Convention, shall not be regarded as contravening the provisions of article 30 of the 1992 Fund Convention as applied by article 16, paragraph 2, of this Protocol in so far as they discharge their duties in accordance with this article.
4. The Assembly shall endeavour not to take decisions which are incompatible with decisions taken by the Assembly of the 1992 Fund. If differences of opinion with respect to common administrative issues arise, the Assembly shall try to reach a consensus with the Assembly of the 1992 Fund, in a spirit of mutual co-operation and with the common aims of both organizations in mind.
5. The Supplementary Fund shall reimburse the 1992 Fund all costs and expenses arising from administrative services performed by the 1992 Fund on behalf of the Supplementary Fund.

Transitional provisions

Article 18

1. Subject to paragraph 4, the aggregate amount of the annual contributions payable in respect of contributing oil received in a single Contracting State during a calendar year shall not exceed 20% of the total amount of annual contributions pursuant to this Protocol in respect of that calendar year.
2. If the application of the provisions in article 11, paragraphs 2 and 3, would result in the aggregate amount of the contributions payable by contributors in a single Contracting State in respect of a given calendar year exceeding 20% of the total annual contributions, the contributions payable by all contributors in that State shall be reduced pro rata so that their aggregate contributions equal 20% of the total annual contributions to the Supplementary Fund in respect of that year.
3. If the contributions payable by persons in a given Contracting State shall be reduced pursuant to paragraph 2, the contributions payable by persons in all other Contracting States shall be increased pro rata so as to ensure that the total amount of contributions payable by all persons liable to contribute to the Supplementary Fund in respect of the calendar year in question will reach the total amount of contributions decided by the Assembly.
4. The provisions in paragraphs 1 to 3 shall operate until the total quantity of contributing oil received in all Contracting States in a calendar year, including the quantities referred to in article 14, paragraph 1, has reached 1,000 million tons or until a period of 10 years after the date of entry into force of this Protocol has elapsed, whichever occurs earlier.
